

Arix Wall Saw Advantages:

Cut up to 30% faster

Low cost/m

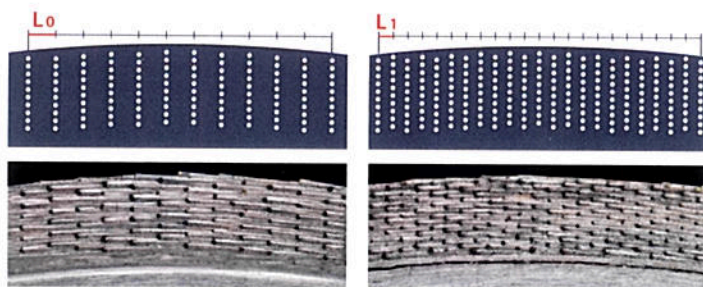

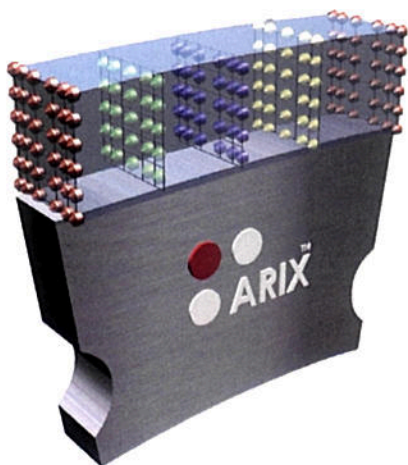

Laser Welded

Arix G2X

Our goal is to provide customers with the lowest diamond cost per cm/m of cutting and the highest productivity per cm/m of cutting. The G2X Sprinter has a unique segmented design that delivers unmatched cutting speed.

THE BASIC THEORY OF ARIX TECHNOLOGY

It is almost impossible to find one perfect solution of diamond tools that is the best for every case no matter what you are in need of. However, what if it is possible to find a way to realise one perfect solution for each case? ARIX technology is to place diamond grits precisely in three dimensional patterns and to deliver the best performance.

Control the spaces among diamond grits, wide (L0) or narrow (L1)

STOCK CODE	DESCRIPTION	BORE
DP-18502972	600 x 4.4 x 12mm	25.4mm
DP-18502982	800 x 4.4 x 12mm	25.4mm
DP-18502992	1000 x 4.4 x 12mm	25.4mm
