QWIKCHANGE DIAMOND PADS

Diamond Products Qwikchange pads are designed to fit on all single head and multi head floor grinders. These pads are available from a very coarse diamond suitable for heavy stock removal up to a fine grit suitable for final preparation prior to the use of resin bond pads for polishing. A range of PCD pads are also available for hand held single head grinders and multiple head grinders. PCD tools are used for the removal of coatings, epoxy floors, asphalt overlay and glue.
